EXECUTIVE SUMMARY

I am a software developer who enjoys solving real-world problems through technology. I have worked on projects like a smart traffic management system using computer vision, where I combined creativity with technical expertise. I am a quick learner, enjoy collaborating with others, and thrive in environments that support growth and meaningful contribution. I am excited to be part of a team where I can make a real impact while continuing to develop my skills.

SKILLS

**Languages:** JavaScript | HTML | CSS| C | C# | Java | Dart  
**Frameworks & Tools:** React.js | node.js | express.js | Flutter | Django | Git | Linux  
**Database:** MySQL | MongoDB  
**Soft Skills:** Problem-solving | Creativity | Leadership | Teamwork | Logical Thinking | Adaptability | Debugging

EDUCATION

|   |                   |   |
|---|-------------------|---|
| <b>BE in Information Science and Engineering</b><br>A J Institute of Engineering and Technology | CGPA – 9.13       | Mangalore, India<br>Dec 2021 - May 2025 |
| <b>Pre-University</b><br>SDPT Pre-University College Kateel                                     | Percentage 84.84% | Mangalore, India<br>Jun 2019 - May 2021 |
| <b>SSLC (Class 10<sup>th</sup>)</b><br>SDPT High School Kateel                                  | Percentage 83.68% | Mangalore, India<br>Mar 2018 - Apr 2019 |

EXPERIENCE

|   |  |
|---|--|
| <b>Internship at Accolade Tech Solutions</b><br>Full - Stack Web Development  | Kankanady, Mangalore, India<br>Feb 2025 – May 2025 |
| <ul style="list-style-type: none"><li><b>Technical Proficiency:</b> Gained hands-on experience in building full-stack web applications using modern development technologies such as React, Node.js, MySQL, Express.js, and MongoDB.</li><li><b>Team Collaboration:</b> Collaborated in an agile team using Git and RESTful APIs, contributing clean code through regular code reviews.</li></ul>                               |  |
| <b>Internship at Rosette Smart Life</b><br>Flutter App Development  | Moodabidri, India<br>Oct 2023 – Nov 2023           |
| <ul style="list-style-type: none"><li><b>Technical Proficiency:</b> Gained comprehensive knowledge in Flutter app development, covering essential concepts and building a functional application, showcasing the ability to learn and apply new technologies effectively.</li><li><b>Team Collaboration:</b> Collaborated with team members to foster a positive environment and contribute to the project's success.</li></ul> |  |

PROJECTS

|   |  |
|---|--|
| <b>DL360 - Driving License Management System</b><br>Internship project  | Mar 2025 –May 2025<br>React.js   Node.js   Express.js   MySQL    |
| <ul style="list-style-type: none"><li>Designed and developed a full-stack web application for driving license and LLR services, enabling user registration, LLR application, and renewal with secure role-based access control for Admin, Staff, and Applicants.</li><li>Implemented staff workflows for reviewing, approving, or rejecting LLR applications, along with real-time status updates.</li></ul>                                |  |
| <b>Smart Traffic Control and Violation Detection System</b><br>Academic project   | Sept 2024 –Jan 2025<br>Python   Flask   YOLO   HTML   JavaScript |
| <ul style="list-style-type: none"><li>Developed a responsive and interactive smart traffic interface using HTML, CSS, and JavaScript for real-time monitoring.</li><li>Integrated YOLO-based vehicle detection and violation logging to automate enforcement and enhance traffic system accuracy.</li><li>Implemented ANPR and live traffic data updates to ensure efficient automation and reduce the need for manual oversight.</li></ul> |  |
| <b>Weather App</b><br>Internship project  | Nov 2024 – Dec 2024<br>Figma   Flutter   Dart                    |
| <ul style="list-style-type: none"><li>Designed a responsive, user-friendly interface in Flutter for smooth interaction across all device types.</li><li>Built the app to support future updates and features without affecting performance or usability.</li></ul>  |  |
